November Draft Call Here Will Be Heaviest Yet Made; Some Married Men To Be Taken; 2 Calls In October

The heaviest call yet made by the local Draft Board will be issued in November. The quota will be nearly twice as many as any in the history of the Selective Service Board for Comanche County. The exact quota is not privileged to be published. Two calls will be issued in October, a light one about the middle of the month and a heavier one near the end.

It will be necessary to take some married men without children in November from Comanche County. In Brown County according to The Brownwood Bulletin a call for several hundred men will be made in November and it will be necessary to take some married men with children to fill the quota.

Concerning the Brown County call the Bulletin had the following to say:

A quota of selectees for Brown County that staggered Draft Board officials has been received for November.

Dr. T. H. Hart, chairman of the board, after checking up to determine if the figures were correct, warned that it will be necessary to call married men with children in order to fill the quota.

The November quota is nearly four times as heavy as any in the history of the Selective Service Board for Brown County. It runs into several hundred men. The exact quota is not privileged for publication.

Under orders issued by the Selective Service, men in "essential" jobs, regardless of dependency status, will be deferred, and in passing over these men it will be necessary to call men with wives and children to meet the heavy quota assigned to Brown County.

The notice received by the local Draft Board said it might be necessary to obtain additional clerical aid to handle the volume of work necessary to meet the November calls.

Farmers, Buy War Bonds Now

BY WILLIAM C. CHILTON, Chairman War Bonds and Stamps Sales

—o—

Do you know a farm boy who is in the armed forces? He is giving up a lot for this country. He is staking his life against the forces that would take away our freedom. He is doing his part—are you doing all you can? One of the easiest ways of helping to win this war is also one of the most necessary—furnishing the money for it. War Savings Bonds are the best investment ever offered to the American farmer. While the Government is using the money you put into War Bonds to buy the tools needed for Victory it will pay you well for the use of that money. The Government guarantees that you will get all of your money back and you will get back four dollars for every three you put in if you keep these Bonds ten years. Buy War Bonds for your country and for your future—buy them to the hilt and buy them now while you have the income to buy with.

Gustine School Head Now In Army Air Corps

Paul L. Whitton, superintendent of the Gustine Public Schools, has been granted leave of absence by the Gustine School Board to volunteer his services in the Army Air Corps. Mr. Whitton was accepted at Tarrant Field, Fort Worth, sent to Dallas for physical examination and from there to Mineral Wells for induction. After induction, Mr. Whitton will be stationed at Tarrant Field, and as a private will receive training as a technician and pilot in the Army Air Forces Combat Crew School.

Mr. Whitton received his bachelor's degree from Stephen F. Austin State Teachers College, Nacogdoches, Texas; his master's degree and several hours graduate work from the University of Texas. Under his able leadership the Gustine School has made much progress; and through his efforts a goodly portion of the school's indebtedness has been paid. Mr. Whitton was active in civic, church, and social work. At the time of his resignation he was worshipful master of the Masonic Lodge at Gustine.

Peanut Tenant Gets $4300 For Part Of His 100 Acre Crop

"The peanut farmer in Comanche County stands to make his best money crop in several years," says Walter Durham, manager of the Durham Pecan & Peanut Company at Comanche, who cites the case of a renter of a peanut farm in the Proctor community, to whom the Durham firm gave a check for over $4300 last week for his quota peanuts on a 100 acre sandy land strip.

"Besides this," explains Mr. Durham, "he wasn't through threshing all of his peanuts, and had consigned all of his excess peanuts for oil stock to a Government warehouse."

Four Grandsons Carry On For Dan Pinkard

(BY J. R. EANES)

I have long wanted to pay a tribute to Daniel P. (Uncle Dan) Pinkard. When a very young man I worked under and with him for several months, and ever after held him in highest regard. He was just minded, even tempered and walked humbly. He really loved his fellow man, his country and his God. No call to righteous service ever went unheeded by him.

Any word tribute to him would now be pale and dwarfed beside the monument being builded to him by four of his grandsons: Lt. R. C. Pinkard, 330th Bomber Squadron, now in England; Daniel P. Pinkard, 63rd Signal Battalion (special rating) now in Ireland; William Lansing Pinkard, of the U. S. Marines, last heard from in Southwest Pacific in October '41; and Lieut. Howell McCorkle, Bomber pilot, now in Ireland. The first three boys are sons of R. S. Pinkard of Sidney, and Howell, the son of Mr. and Mrs. B. Ray McCorkle of Beattie.

In 1867 D. P. Pinkard heard a call to service in defense of the pioneers of this county when he and fourteen other Comanche County youths under the leadership of the late D. H. Cunningham overtook and administered a crushing defeat to a band of thirty-two Comanche Indian raiders. In 1940 and 1941 his grandsons heard the call of their country for service in defense of civilization and all answered, "Here am I, send me".

Uncle Dan has long gone to his reward but his spirit lives on. Fights on. All honor to him and these grandsons who follow in his footsteps.

Army Discharge Substitute For Birth Certificate

An honorable discharge from the Army may serve now as a legal substitute for a birth certificate, says a notive from the American Legion.

The birth date given on the discharge is now recognized as legal substitute for a birth certificate. This will be of great benefit to many ex-soldiers now seeking defense jobs and other positions who have had trouble securing a birth certificate, says the local Legion head.

Coach D. A. Swope's and E. B. Hibbs' Comanche Indians crashed into the win column for the first time this season Friday night, when they trounced the Gustine Tigers 18-0.

The Indians, showing much improvement since they were smashed here three weeks ago by Stephenville in the season opener, outclassed the Tigers throughout the game. Comanche piled up eighteen first downs, while holding the Tigers to three. The Indians gained 245 yards on running plays for the night; while Gustine gained only forty-two.

Eoff, big Indian fullback, scored the first two touchdowns for the locals, while Co-Captain Dan Waggoner took a pass from Cox, and raced sixty yards for the other touchdown.

The Indian line, headed by a pair of good guards, Carter and Pipes, turned in a good game and held the Tigers' running attack to a net gain of only twenty yards.

Eoff headed the Indians' offense, but was helped along by Waggoner, Jackson, and Cox.

The Indians had a first down on the Tigers' five as the half ended.

Gustine advanced the ball to the Indians' 1 yard marker in the fourth quarter, but a pass interception by Eoff ended the threat.

Comanche opens conference play tonight, when they take on the Hamilton Bulldogs tonight in Hamilton to open District 12-A play.

Comanche Schools Join Scrap Metal Drive; Will Canvas Entire Town; Citizens Are Asked To Cooperate

Monday afternoon at one o'clock the students of the Comanche Public Schools will go "all out for scrap". Classes will be suspended and a complete canvas of the town will be made. High school students will canvas the section of town south of the Brownwood highway. Grammar school will canvas the east part of town to the street west of the court house. West Ward will take the west part of town beginning with the street west of the court house. Each building will sell the scrap that is collected and the money received will be used for the benefit of the students of that building.

The citizens are asked to cooperate with the students in this drive. If at all possible have the scrap at the curb and they will be glad to pick it up. If this is not possible give the ones who call permission to gather it up. Of course the large amounts have already been sold or the individual will want to sell it, which is as it should be. It is not the amount the students can gather for the school but the amount of scrap turned in that counts. The campaign is to get the scrap for our armed forces and not the amount of money that can be made.

This drive is in connection with a nationwide drive being made by school children. It is one way for every one to have a direct part in the war effort. The plan is to cal lon every person in the city limits and as many out of the city limits as possible. No individual will be called on more than once and your cooperation will be greatly appreciated. Remember if you have only one-half pound it will do big things when put with thousands of other half pounds. It's what you have overlooked that the children want to help you find. Donate it or sell it —just so we get the scrap.

Rat Poisoning Night For Entire County Oct. 21

By County Agent Calvin Holcomb

Attention all people in the residential section of Comanche, De Leon and of the rural section of Comanche County:

We are going to poison for rats all over Comanche County the night of Wednesday, October 21. People wanting to receive this poison to kill rats, can get applications from the following: Superintendents of each school in the county, neighborhood Victory Leaders, County Agent's Office, Comanche, and Golden Oak Milling Co., De Leon. These applications must be back in the County Agent's Office no later than Saturday, October 17.

On these applications will be your name and address, number of pounds of poison that you want and at what school you want it delivered. This is Government poison and will be in packages already to put out. All you will have to do is to put it out and take it up. There will be instructions with the poison. The cost will be 25 cents per pound and for an average size farm, 2 pounds is recommended. When you sign an application you will then pay your money for the poison.

The idea for poisoning the whole county at one time, is to kill as many rats as possible so that if you kill your own rats, other peoples rats will not be coming to your place, but will have had some of the same poison to rid them.

Let's all fall into this swing and will as many rats as we can. It is said that rats destroy in the U. S. as much as 200,000 farmers can make in a year. So on the night of Oct. 21 let's have a banquet for the rats.

Indians Open District Football Play Tonight At Hamilton; Seek Seventh Straight Win Over Bulldogs

The Comanche Indians, defending district champions, open defense of their District 12-A title when they take on the Bulldogs tonight in Hamilton. Game time has been set at 8 o'clock.

The Indians, under the tutelage of D. A. Swope, got off to a slow start by taking a 52-0 beating at the hands of the Stephenville Yellow Jackets in the season opener; but have showed steady improvement in their last two practice titlts. Two weeks ago, the Coleman Bluecats edged out a 6-0 win over the locals, and last week, the Indians downed the Gustine Tigers 18-0.

The Hamilton Bulldogs have dropped both games played this season, having lost the season opener to the Lampasas Badgers 14-0, and last week's game to the Hico Tigers 14-13.

The Indians will be seeking their seventh consecutive win over the Bulldogs in tonight's contest.

The Bulldog starters will have a weight advantage of six pounds per man over the Indians.

Probable starters for the Indians are: Dixon, 153, and McNutt, 130, at ends; Scott, 180, and Luper, 155, at tackles; Carter, 160, and Pipes, 160, at guards; Carpenter, 127, at center; Co-Capt. Waggoner, 150, at quarter; Jackson, 135, and Cox, 125, at half backs, and Co-Capt. Eoff, 200, at fullback.

Former Garner-Alvis Manager Here Renews Chief Subscription

B. R. Weaver, successful manager of the Garner-Alvis Store here in the late 20's and early 30's, who now lives at Mingus, sent in his check for a year's subscription to The Chief this week. He says that he was a reader of The Chief for many years but let his subscription lapse a few years ago, and wants to keep up with his old friends through the paper.

Mr. Weaver writes: "I suffered a stroke of paralysis January 1, 1936 but was getting along pretty well until about a year ago when I had another stroke which is about all I can take."

Mr. Weaver was a very progressive and successful merchant when in Comanche and was very popular with the public, making many friends here.

Frank Kirkland Again Employed As Trash Hauler

Frank Kirkland, efficient trash hauler for the City and business men of Comanche for many years who quit about three weeks ago when his truck broke, made a new contract with the City and business men this week and was back on the job Thursday.

Mayor House says that Mr. Kirkland will also haul off the trash in front of each building daily if the owners will sweep it

The price for allotted peanuts advanced this week from $1.96½ per bushel to $2.12½ on Number 1 peanuts. The price on Number 2 peanuts and No. 3's advanced in proportion with the No. 1's now bringing $1.85 and Number 3's $1.80.

The price on oil stock nuts, says Walter Durham of the Durham Pecan & Peanut Company at Comanche, was not affected by the new quota price on allotted acreage.

Oil stock peanuts are bringing $1.29 for Class A Number 1's and $1.23 for Class B Number 1's. Number 2 peanuts are bringing $1.17 per bushel and No. 3's sell at $1.08. Practically all Comanche County peanuts are in one of these three classes.

"Approximately thirty-five percent of Comanche County's ninety thousand acres in peanuts is allotted acreage; the other sixty-five percent will have to be sold as oil stock," explains Mr. Durham.

About 15 percent of Comanche County's peanut crop, largest in the State, is estimated to be threshed. The 1942 acreage of more than 90,000 acres will produce around 54,000,000 pounds of peanuts.

Gasoline rationing goes into effect on or about Sunday, November 22, just 4 days before the usual heavy driving on Thanksgiving Day, Thursday, Nov. 26.

* *

According to a tentative plan, registration will be made on that day in all of the public schools, the same place where the sugar rationing cards were signed.

* *

The average motorist will receive a little less than 4 gallons of gasoline per week.

* *

There are seven classes of rationing books—A, B, C, D, S, E, and R.

* *

The A book is issued to the average passenger car, providing a little less than 4 gallons of gasoline per week for an estimated 2880 miles driving per year.

* *

If the A book does not provide enough gasoline for a motorist's proven occupational needs, the car owner may then apply for a B rationing book.

* *

He may obtain a B book by proving a need of more than 150 miles of occupational driving during a week; or by forming a car sharing club with three other persons, or show that he tried and is unable to do so, and that alternate means of transportation are inadequate.

* *

Certain categories of drivers such as doctors, police, firemen, war workers, etc., may obtain C books.

* *

D books are issued to motorcycles.

* *

S books are issued to trucks, buses, and taxis.

* *

R books are issued to non-highway users such as boats, tractors, etc.

* *

Owners of two cars may obtain A rationing books for each car.

Just Suppose

The superlatively graceful Isodora Duncan, famed for her amazing nimbleness, was a great believer in eugenics. Once, she wrote to George Bernard Shaw and suggested that if they were the parents of a child, it would undoubtedly be superhuman.

"Just imagine," she wrote, "what a wonderful child it would be, with my body and your brains."

Shaw wrote back:

"If everything turned out as you suggest, no doubt the child would be as wonderful as you say. But suppose it had my body and your brains?"

Screwball

Each of two screwball cavalry rookies was given a horse.

"How are we going to tell them apart?" asked one.

"I'll cut off my horse's mane," suggested the second. So they trimmed one horse's mane but it soon grew out again. The first screwball then cropped his horse's tail but it, too, soon grew out.

"Let's measure the horses," suggested the first screwball. Sure enough, it worked. The white horse was two inches taller than the black horse.

Gunner

"So your husband's in the Army now, Mrs. Worritt?"

"Yes, they've made him a gunner, an' that's what he's been ever since I married him!"

"Always been a gunner?"

"Yes, ever since I knew him he's been 'gunner do this' an' 'gunner do that,' but he never did anything worth while!"

Sgt. H. R. Lacy of Camp Bowie is visiting his parents.

I THANK YOU

Down deep in my heart, do I thank you for the many expressions of appreciation that have come to me for the notes that I write in The Chief. I write them with a burning desire that I may cheer someone along life's pathway. Your letters and words of appreciation, I'll not soon forget.

But had it not been for the nobility of Mr. J. C. Wilkerson, Editor of The Chief, I could not have reached you. Unto him also, do I wish to express thanks and gratitude for the unceasing kindness that he has shown one and all.

Yours to stick,
GORDON BARRETT.

"Have Mercy On Me"

(By Rev. Gordon Barrett)

King David was sitting in the lap of luxury perfectly satisfied with himself. A prophet of God, no doubt, unwept and unloved, came to the king and pointed out to him the perversity of his ways. When King David saw himself in the light in which God saw him, he prayed the prayer found in the Fifty-first Psalm. Preaching that does not bring conviction to those who are guilty is not going to help the sinner nor please Christ, the sinners friend.

In the One Hundred Nineteenth Psalm, the author said, "I thought on my ways, and turned my feet unto thy testimonies." I have never yet seen, heard, or read of a great revival of the Christian religion, where the preaching did not bring conviction and produce serious thought.

Pleasures produced through the possession of material things will perish in time. But joys obtained through the mercies of God, will never, never, no, never die.

One of the richest and rarest joys known to man, is the knowledge of the truth that though our sins be as scarlet, they can be as wool. Though they be red like crimson, they can be made as white as snow through the mercies of God. Death loses its sting, and the grave its victory, through mercies of God. Sorrows are healed and sighs hushed through the mercies of God.

If we are not the monuments of God's amazing grace and marvelous love, the fault is ours; for He willeth the death of none, but would that all should come to repentance.

We obtain mercy through a tremendous price. It cost Jesus Christ every drop of His divine blood that we might inherit eternal life, and have a title clear to that building of God.

There is just one sin that God's mercies will not atone for. That is the sin against the Holy Ghost. Just what the sin against the Holy Ghost is, we are not all agreed. But God said of Ephraim, "Let him alone, he is joined to his idols."

"There is a line by us unseen,
That crosses every path;
The hidden boundaries between,
God's patience and His wrath."

That humanity has a carnal nature, no sane person is going to deny. But above and beyond that, there is something in man that cannot be explained, if we deny the God that is. It is as natural for humanity to hunger and thirst for spiritual things, as it is for him to hunger and thirst after material things.

"If I live a life that is clean and square
And I love my fellow man,
And I lend him a hand to help him bear
His burden whenever I can,
I need not fear what the future holds,
Nor what the reward shall be,
For the mighty love that all enfolds
Will most surely care for me.

"If I speak a good word of cheer to one
Whose sorrows have borne him down,
And I give him new hope to journey on
And change to a smile his frown,
I shall not dread when the shadows fall
And the end of life draws near,
For that wondrous love that shelters all
Will drive away my fear.

"For my life is measured by what I mete,
And I earn my own reward,
So the love I give makes my heart complete,
And through it I gain the reward.
For whether I dwell in a house by the road
Or far from the haunts of men;
If only my love makes bright the abode
No fear shall enter it then."

Price Ceilings?

OF COURSE, THEY ARE HERE!

We are told that a few days ago the owner of a little shop, far away from our city, was asked the question — "What are you doing about the ceilings?" He looked up at the ceiling of the store and answered; — "Oh, they don't look bad. Maybe I'll paint them next year, if the war is over."

When you ask us about ceilings, we know you are referring to the price ceilings of the Office of Price Administration and — even if you haven't asked us — we will say right off we are carefully and religiously observing them.

Our Government knew that in war time it is almost impossible to prevent inflation and the greater the inflation the more suffering it brings to the people. So Congress wisely enacted a Price Control law and the Office of Price Administration is hard at work to keep prices from going too high.

Like most other good American stores we are happy to have the opportunity to assist in this important task. Therefore you will find our prices always are kept within the price ceilings and we proudly call your attention to our postings of the Cost-of-Living Commodities. Any time you feel concerned about this problem come in and look at our posted prices and convince yourself the cost of living is being stabilized.

—C. C. Klingman, Pastor.

Religious Survey Still Underway

Some 90 people from the various churches in Comanche met at 2:00 p.m. last Sunday at the First Baptist Church. A religious survey followed. Some few people were away from home and were not contacted. Every person who is to complete the survey should do so on or before October 11. Turn in the cards to one of the following captains: Henry Taylor, Bill Mewborn or Joe Tupin. These three captains in turn are to leave the cards with Rev. E. M. Shepard at the Presbyterian Church Monday morning.

If any home has been missed please notify one of the captains or pastors.

PRESBYTERIAN CHURCH

10:00 a.m. Rally Day Program in Sunday School. Every man, woman and child in the Sunday School and Church is expected to be present. An offering for Sunday School Extension will be received.

11:00 a.m. Sermon: "Living In Conformity to Christ's Will."

8:00 p.m. Evening Worship. Sermon: "The Supreme Purpose of the Bible."

There will be no Mid-Week Prayer Meeting as the pastor will be in Fort Worth attending meeting of Synod.

One of the remarkable things about the Bible is its universal appeal—it is a book for everybody. The statesman finds on its pages a code of laws no man or nation has ever matched; the poet finds songs which stir the depths of his emotions; the farmer find his work magnified; the housewife discovers her task made the heart of a parable; the carpenter sees his work glorified. And in the Book all may find God, without whom each soul is restless and unsatisfied.

"Sing them over again to me,
Wonderful words of Life;
Let me more of their beauty see,
Wonderful words of Life."

A welcome awaits you.

—E. M. Shepard, Minister.

GUSTINE-LAMKIN CHARGE

Homecoming services at Lamkin at 11 a.m. Sunday. All members of the church are urged to be present. And all ex-members have a special invitation to come. We welcome all visitors. Come and worship with us.

Our Fourth Quarterly Conference will be held Sunday night, Oct. 11 at 8:00 o'clock at Gustine. Dr. Williams will preach and after the sermon the session of the Conference. Let's make this a great occasion with full reports, if possible. Energy is already out in full. Others are coming fine.

Church School at all points on the work. Let every member of the Church go to Church School and take someone with you.

Don't fail to hear Dr. Williams Sunday night at Gustine at 8:00 o'clock.

Read I John, 3rd. Chapter.

—J. D. Smoot.

FIRST BAPTIST CHURCH

(E. G. Gregory, Jr., Pastor)

Sunday School at 10:00 a.m.
Morning Worship at 11:00.
Training Union at 7:00 p.m.
Evening Worship at 8:00 p.m.

It was indeed gratifying to have the response that was given last Sunday afternoon in taking the religious survey. 81 workers from the various churches met at the Baptist Church. Most all workers brought back a favorable report. It is the hope of the ministers that this survey shall soon be completed so that plans can be laid for a follow-up campaign. Remember, October is "Church Loyalty Month."

REV. AND MRS. SLIDER HAVE DELIGHTFUL HOUSE WARMING

Rev. C. R. Slider who has been serving the Presbyterian Churches in the North Fork Valley since early spring and with his true interest and pleasing personality has made many friends during that time, quietly slipped away and returned with his bride August 7th to the Circleville manse.

Soon after their arrival they were delightfully surprised, by a large delegation from the Seneca Rocks, Presbyterian Church, the Presbyterian Church at Harman and the various other churches on the charge.

Rev. Slider and his bride met the guests at the door in true southern hospitality.

Each guest brought a gift and food of every kind from the pantry shelf and garden.

From one gift to the other they looked with mounting appreciation. Quite soon it looked like a canning factory and victory garden had opened up at the manse.

Through the kindness of the Circleville ladies, the manse was spic and span and decorated with colorful summer flowers for this happy occasion.

A social hour was enjoyed with dainty refreshments served by the Ladies Auxiliaries.

In conclusion the guests assembled in the new Presbyterian Church just recently finished just across the street led by the happy bride and groom, and held a short Devotional service, to the Giver of all good and perfect gifts at the end of a "Perfect Day".

Amidst showers of rice and congratulations everybody was leaving with this same thought, "Rev. Slider is a lucky groom".

He has selected for his long life companion a lovely bride, who will mean pearls above price to him.—from the Circleville W. Va. News.

Mrs. Slider, until her marriage, August 4th was Miss Anna Lee Trenary, of Louden County, Va.

The young couple was taken by surprise when they met at their door, those who were strangers but who were soon to become their friends.

After introductions and gifts presented to the bride the evening was taken up with games, lead by Mrs. Chas. Boggs and Miss Bettie Lee McFarland, and all were delighted when Mrs. Hiner won the prize.

Refreshments were served by the Auxiliary, then all were invited to the new church just across the street where a short service was held, consisting of music and prayer.

Sentinels of Health

Don't Neglect Them!

Nature designed the kidneys to do a marvelous job. Their task is to keep the flowing blood stream free of an excess of toxic impurities. The act of living—*life itself*—is constantly producing waste matter the kidneys must remove from the blood if good heath is to endure.

When the kidneys fail to function as Nature intended, there is retention of waste that may cause body-wide distress. One may suffer nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—feel tired, nervous, all worn out.

Frequent, scanty or burning passages are sometimes further evidence of kidney or bladder disturbance.

The recognized and proper treatment is a diuretic medicine to help the kidneys get rid of excess poisonous body waste. Use *Doan's Pills*. They have had more than forty years of public approval. Are endorsed the country over. Insist on *Doan's*. Sold at all drug stores.

FREIGHT RATE UP

On account of O.D.T. orders I am forced to go up on my freight rate to the Fort Worth Market. I regret to do this, but the O.D.T. has cut me down on mileage and from picking up small bunches of livestock.

EXPENSES UP

My Railroad Permit, insurance, and drivers licenses have almost doubled and I must either raise my freight rates or go out of business.

NEW RATES

Beginning Sunday, Oct. 11, my rate from my lot to Fort Worth will be 30 cents per CWT and the rate by truck loads from the surrounding country to Fort Worth will be 35 cents per CWT.

I will appreciate your continued patronage at these live and let live prices.

Letters To Farmers On Poultry And Health Dept.

Dear Mr. Farmer:

In two weeks, we will have completed plans on which we have been working for some time, to establish in the Service Drug Store a department created especially for you and for the other farmers in this community.

This will be an Animal and Poultry Health Department, completely stocked to provide at a moment's notice any product that you may need, or which your veterinarian may prescribe, in caring for the health and well-being of your animals. The department will be equipped with a refrigerator to preserve vaccines and serums that require refrigeration.

To give you perfect service, however, we would like to have your help in one point. We would like to know how many animals of different kinds you and your neighbors maintain, so that we'll be able to choose our stocks of drugs and other products accordingly, and so that you can be sure of getting what you want and when you want it.

Won't you, therefore, fill out the little questionnaire at the bottom of this article and send it to us as soon as you can. Thank you, many times over.

When the department is ready to be opened, we know you'll want to come and look it over personally. When you do come, please don't hesitate to point out what items have been overlooked. To serve you best, our new department has got to be complete.

Sincerely yours,
THE SERVICE DRUG

Z. Z. McKinnon Dies At De Leon Sept. 23

Z. Z. McKinnon, 63, for many years a resident of Comanche County in the De Leon section, died on September 23. Funeral services were held at the De Leon Baptist Church.

The following concerning the life of Mr. McKinnon was furnished by a member of the family:

Z. Z. McKinnon was born June 10, 1879 at Jackson's Gap, Alabama, and had reached the age of 63 years, 4 months and 13 days at the time of his death. When quite a young man he started west, settling in Oklahoma. He was married to Miss Jessie Pearl Craddock February 4, 1912, at Marlow, Okla., and to this union 4 children were born. The are Edwin McKinnon, Mrs. J. O. Freeman, and Miss Willane McKinnon, all of Dublin, and Pvt. J. T. McKinnon who is now stationed somewhere in England and was, of course, unable to be present at his father's funeral. However, he had received two 10-day furloughs before sailing and during these leaves of absence from his post was with his father, attending to every want very tenderly. All that medical skill and kind, loving hands could do were used in an attempt to save the life of Mr. McKinnon, but death was the conquerer.

Mr. McKinnon is also survived by three grandsons: Billy Dan, James Lee and Bobby Lewis Freeman, who were also present. A brother, D. W. McKinnon, and a sister, Mrs. Sallie Hamby, of Dadeville, Ala. were unable to be present for the funeral on account of ill health.

He was converted and united with the Baptist Church when a young man. His life has been one of Christian service, having served as a deacon of the church for about 20 years, and also as superintendent and teacher in the Sunday Schools.

Funeral services were conducted Thursday afternoon, Sept. 24 at 3:30 o'clock at the First Baptist Church of De Leon by his pastor, Rev. H. J. Starnes, and interment followed in the De Leon cemetery. S. B. George, Fred Harvey, Willis Grisham, W. P. Alexander, Arch Lee and R. H. Pryor were named active pallbearers, and flower girls were Misses Imogene and Wilda Mae Craddock, Jean Simmons, Melba Rees, Catherine Dunn and Joy Martindale.
